

Leasowe
Nursery School
& Family Centre

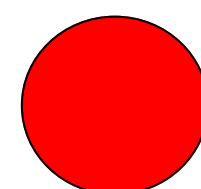

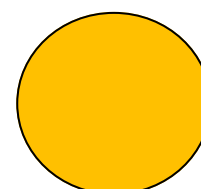

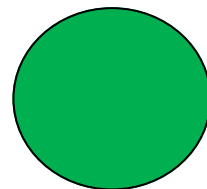

At Leasowe Nursery School & Family Centre, we promote and teach the Fundamental British Values through our five **Golden** Rules.

- We use kind hands
- We use listening ears
- We use walking feet inside
- We look after each other
- We look after our things, our room and our garden

And through our day to day use of emotion cards

Our Childcare Practitioners wear the different symbols to help the children to understand their emotions, happy or sad, and help them with general instructions, **Go**, **Wait** and **Stop**. We call this process “**Total Communication**”

Every Child, Every Family, One Community
